

Emergency Assistance Program

The program:

Occasionally families experience difficulties that are beyond their control. Limited financial assistance is available through the Resource Centre for immediate needs such as:

- medications
- diapers
- formula
- groceries
- gas money if needed to attend medical appointments or job interviews

Eligibility: Assistance is provided on a one-time only basis, and is available only if residents have been deemed ineligible for government financial assistance programs. Resource Centre coordinators will screen each family to determine needs and will make referrals as necessary.

Funding: The Resource Centre accepts funds from community residents, service clubs, businesses and various groups to operate this program. Cash donations made are eligible for tax receipts. Donations of grocery and gas store vouchers are always appreciated.
